UMTA Season Point Results For 2023

Club rules state that riders who attend "50% plus 1" events for the year are eligible for yearly awards given such as number plates or place plaques.

Club rules also state that if a rider rides in multiple classes, only the points in the highest class will be eligible for season points.

There were **9 events** in 2023 so riders needed to attend **5** events in their class in order to be eligible for season points.

Utah Summer Games: Sunday doesn't count for season totals and Senior classes are combined with the regular class and places are recalculated.

Course Marshals are given full points for the given event (20).
